

VEDH 2017--LATUR

LATUR
Dt.03.09.2016

To,

Respected Sir,

Subject: **Invitation to participate in VEDH.**

Through this letter, comes a formal invitation to you to participate in VEDH, a career perspectives conference to be held at Latur on **Sunday, 22nd January 2017.**

About VEDH

VEDH (**V**ocational **E**ducation, **D**irection & **H**armony) is an annual flagship event of Institute of Psychological Health, Thane and is a brain child of renowned psychologist Dr. Anand Nadkarni.

This event is being conducted at Thane for last two decades and since last couple of years is being conducted at Aurangabad, Nagpur, Ahmednagar. Over a period the outreach of VEDH widened as not only students, but their parents, teachers and socially aware people now compete with students to participate and gradually this event becomes a movement. Since last five years we are organizing **VEDH** at **LATUR**.

On the backdrop of turbulent changing times, changing perceptions and concepts, the conference tries to make the participants career-conscious instead of careerist. VEDH develops an audience which is better informed about the path and not just the goal. It inspires to tackle struggles and to succeed and makes an experience of a lifetime in every participants mind.

Format of the conference

Each year a theme relevant to the period is selected. Eminent personalities, real Role models from different walks of society have been invited and interviewed. The goal of the exercise is to present to the participants what it is like to work in a certain field of work and not limit the conference to give information about careers.
